

**Cobb County Bicycle & Pedestrian Improvement Plan
Safe Routes to School Public Participation Questionnaire**

One component of the Bicycle & Pedestrian Improvement Plan is the development of a Safe Routes to School (SRTS) Program Plan. The objectives of a Safe Routes to School Program include the following:

- Reduce traffic congestion in the area of schools;
- Reduce the speed of traffic in school zones;
- Increase accessibility for walkers and bikers at every school;
- Increase street connectivity to improve accessibility to schools;
- Increase the level of safety for children who walk and bike to school;
- Increase drivers' awareness of pedestrians and bicyclists;
- Increase children's physical activity; and
- Foster partnerships among schools, governments, communities and businesses to create sustainable programs
